

## CLASS- 5

### SESSION- 2024-25

1. Eco-Friendly Poster: Design and create a poster that promotes eco- friendly habits, incorporating concepts from EVS, English (write a slogan), and Hindi (लिखें एक नारा).
2. Make different shapes with matchsticks on A4 sheet and mark their angles.
3. Make a shopping list with help of your mother and find out total expenses.
4. Design a beautiful Book Cover for the book that you enjoyed reading .
5. Plant Seeds & Watch Them Grow-

Plant any seeds (wheat, bean, moong, mustard etc.) and watch the growth of the seedlings as they sprout from the seed, while making sure to take proper care of them with just the right amount of warmth and water.

**Method:** Fill the container with soil. Plant seeds of same kind (Ex. Mustard, Fenugreek, Wheat, Bean, Moong) inside the soil. Place the container somewhere warm, sunlight is good but try to avoid too much direct sunlight, a window sill is a good spot. Keep the soil moist by watering it every day (be careful not to use too much water). Note down the development of germination process. Collect the data for 1 week in the given format.

Date /Day	Day Height of plant (in cm)	Number of leaves seen	Any other change in the stem of the plant

**Note-** Revise all the work done in book and notebook.
