03 April 2020

Dear PARENTS,

- 1. The online education guidelines have been issued by the School. These are available on School website, as also forwarded to parents/students through the respective class WhatsApp groups.*
- 2. The guidelines lay down a model towards imparting education to students over online platforms, since physical classes are not allowed.*
- 3. I would urge you all to read the guidelines very carefully and be an active participant in this initiative.*
- 4. The exercises, assignments given by the teacher are to be taken seriously, as these will count towards internal assessment of your child.*
- 5. Parents are a role model for the children, who have an immature malleable mind. It is up to the parents, to be an enabling factor to give the correct shape to this fertile young mind. An empty mind is Devil's workshop.... don't let your child become one.*
- 6. An interactive approach with the subject teachers and class teachers would certainly help the common objective.*

WISHING YOU AND YOUR FAMILY ALL THE GOOD LUCK TO EMERGE OUT OF THIS CRISIS STRONGER THAN EVER.

GOD BLESS US ALL

Regards
Brigadier Saurabh Tewari
Chairman, APS Bareilly
